Independence Day Fun Fly

Jeff Owens

Our annual Independence Day Fly-In was held on Saturday July 6, 2024. The weather was perfect which led to a lot of flying going on. This included numerous training flights by Dr. Mike, Geoff Lawrence, and Jim Ogorek. As always at these events the food was great! As the temperature increased, Troy's electric fans provided a welcome gathering place - see picture 2 below. There are several pictures of a Sig Senior Cadet that was donated to the club by John Court. It took a bit of refurbishing (this accounts for the multicolored orange, silver and red covering scheme) along with a conversion to electric power, but it now is a member of the training fleet. Its larger size makes it easier to see for some of the trainees and it is said to be a gentle flier. Thanks to Jim Ogorek for many of the pictures that I lifted from our Facebook page.

July BBQ and Meeting Canceled

Jeff Owens

July 18, 2024 was the date set for our annual BBQ and Night flying event. Traditionally we also have a brief meeting before the dinner is served. Because of the time needed for President Jay Wiggins to prepare the feast, a list of those coming must be established several days before the event. Unfortunately, this year there was a shortage of replies. So much so that the event was canceled. For that reason there are no minutes for July as there was no meeting. Minutes will be available once again after the August meeting.

What have you flown lately?

Jeff Owens

It is no secret that newsletter editors are always looking for something to write about. You may be the key to the next article! What new model have you flown that you really liked? What new kit or ARF appeals to you? What new tool have you discovered that really makes a job easier? Why not send me an email with a short description? It doesn't have to be a full blown article - just a few sentences and maybe a web address. I can take it from there. These kinds of things can help out other club members when they are making purchase decisions. Please think about it.
